

Pro:Centric® Enhanced Hospitality UHD TV with *b*-LAN™

The UV570H Series features UHD resolution that creates vivid details and a flawless picture. The UV570H features ProCentric® and Pro:Idiom® technologies that allows for easy management, configuration and updates to guest room TVs via a centralized management system

UV570H

- HTML5 Platform – hosts 3rd Party HTML5 programs
- Pro:Centric Direct Application Support
- RF Tuning only (no IP tuning)
- Supports RF or IP Pro:Centric data channel
- 4K ULTRA HD Resolution
- Commercial Grade Stand (for 43/49/55UV570H)
- Integrated *b*-LAN™ for Sonifi VOD compatibility

Screen Sizes

43" class (42.5" diagonal), 49" class (48.5" diagonal), 55" class (54.6" diagonal), 65" class (64.8" diagonal),

Key Features

Pro:Idiom®

GLOBAL LEADING DIGITAL RIGHTS MANAGEMENT SOLUTION

Pro:Idiom unlocks access to premium content to help ensure rapid and broad deployment of HDTV and other digital content.

Pro:Idiom has been designed specifically for users of premium HDTV content from cable, satellite, or video on demand (VOD) services, and is intended to lower costs and reduce maintenance. This leading DRM system is embraced for its security solution, helping to prevent illegal copying of copyrighted content.

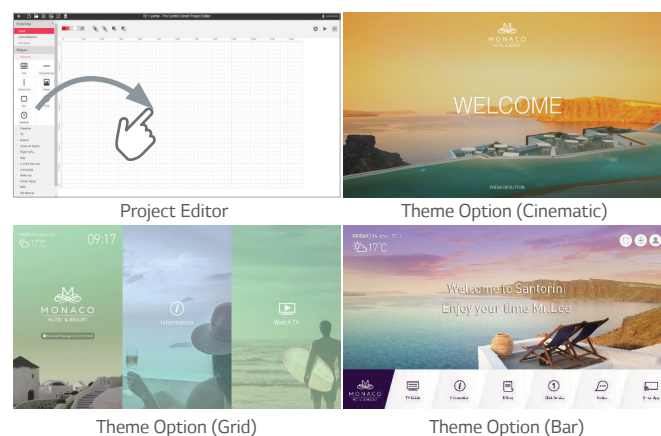

Pro:Centric® Application

LG's Pro:Centric Application enhances guests' experience of their in-room hotel TVs. Guests can locate and enjoy available television programming, check on the daily weather and review hotel amenities—all from the comfort of their room using their LG HD TV.

With remote management, individual room visits are no longer required for TV software and TV configuration updates, which can help save time and potential labor costs. Updates may be loaded on the Pro:Centric server using the Pro:Centric Admin Client. The Pro:Centric Admin Client also enables users to remotely update the Pro:Centric Application features.

Pro:Centric Direct Ready

Simply create your own user interface designs and remotely manage TVs on the properties' distribution network with Pro:Centric Direct, LG's new HTML-based content management software. Pro:Centric Direct offers a comprehensive HTML UI (User Interface) Editor, along with customizable drag and drop widgets and multiple theme templates to enable system integrators to create a unique guest user experience and express the hotel's brand identity and individuality. Hotels can use the system to promote branding and provide useful information for guests, such as available amenities, weather and flight information. The interactive features, including a free-of-charge Electronic Program Guide (EPG) and support for embedded smart applications, will impress guests by elevating their in-room television entertainment experience. Plus, for hoteliers, not only does it offer efficient content production and management, it also maximizes advertisement or promotion effectiveness.

Pro:Centric® Enhanced Hospitality UHD TV with b-LAN™

4K RESOLUTION

4K ULTRA HD is the future of digital picture, possessing four times higher resolution than that of full HD. Stunning 8.3 million pixels gives a flawless picture quality and incredibly vivid detail.

4K UPSCALER

Enjoy Full HD content in 4K ULTRA HD quality. The 4K Upscaler automatically upgrades Full HD content to ULTRA HD through the six steps of the upscaling processes.

4K IPS WIDE VIEWING ANGLE

One of the secrets behind outstanding viewing experience with LG TVs is the specially designed TV panel. 4K IPS delivers true colour from any angle with 4 times the resolution of Full HD. With 4K IPS, every seat is the best for watching content in your space.

FREE INTERACTIVE EPG SERVICE FOR Pro:Centric TVs

PLAN HIGHLIGHTS

If your property has purchased or plans to purchase LG's Pro:Centric TVs, you may qualify for a free EPG that allows guests to easily navigate TV channels and programs, just like they do at home.

Participating properties must purchase and install a Pro:Centric server and supply an internet connection for daily program updates. Properties must also contract with an LG authorized partner to install and program the server to match your free-to-guest (FTG) Channel Map.

Free program guide service runs until December 2017, replacing the previous programming fee of \$1.50 per room per month.

Contact your LG sales representative or visit:

www.LG.com/us/commercial/display-discover/epg

Optional Accessories

HEAD END SYSTEM

Remote management functions are supported via the Pro:Centric server. The Pro:Centric Application software can be remotely added at a later date to deliver the benefits of LG's Pro:Centric Application features. (Weather, EPG, Billboards, etc)

Hotel Costs For FTG Channel Management

	Estimated Labor Costs	MSRP	Total	Potential savings over room visit
LG Pro:Centric TV with Pro:Centric Server		\$2,499 (PCS200S)	\$2,499	\$17,501
Manual Room Updates	\$20(est.) x 2 times per year (to update channels) x 100 rooms x 5 years		\$20,000	

MSRP subject to change. Installation not included.

LG's FTG COST EFFECTIVE SOLUTION

When using LG televisions in FTG hotel installations, the Pro:Centric server (PCS200S) supports remote management of TV settings. With remote management, individual room visits are no longer required for TV configuration updates, including FTG Channel Map and FTG Installer Menu settings updates, thereby saving labor costs.

Hospitality Features

Commercial Grade Stand (for 43/49/55UV570H)

Expand the range of viewing with the commercial grade stand that swivels up to 180 degrees, allowing guests to watch TV from virtually any angle in the room. For added security, the stand can be secured to furniture.

Welcome Screen

Have a warm greeting message with your hotel name and its logo on the TV when it is turned on. The welcome screen provides an inviting, personalized experience for your guests.

Remote Diagnosis

The TV stores diagnostic data, which can be saved to a USB memory device, enabling service engineers to analyze the data and identify technical issues.

External Speaker Out Compatibility (Speaker Sold Separately)

Enhance the in-room guest experience by adding an external speaker (sold separately) for improved audio performance.

USB Cloning

Clone your commercial TVs with speed and ease. The USB Cloning feature allows you to simply copy and transfer TV settings from a designated master TV to all target TVs using a USB memory device.
