Power

- Mains power: AC 220 - 240 V 50/60Hz
- Ambient temperature: 5 °C to 45 °C
- Standby power consumption: <=0.5W
- Off mode power consumption: <0.3 W
- Power Saving Features: Auto switch-off timer, Eco mode
- Power consumption: 74 W

Dimensions

- Box dimensions (W x H x D): 1020 x 630 x 160 mm
- Set dimensions (W x H x D): 913.93 x 543.92 x 77.13 mm
- Set dimensions with stand (W x H x D): 913.93 x 595.63 x 207.13 mm
- Product weight: 6.8 kg
- Product weight (+stand): 7.04 kg
- Weight incl. Packaging: 9.53 kg
- VESA wall mount compatible: 200 x 200 mm

Accessories

- Included accessories: Remote Control, 2 x AAA Batteries, Table top stand, Power cord, Quick start guide, Legal and safety brochure, Warranty Leaflet

Highlights

Full HD LED TV

Picture Quality matters. Regular HDTVs deliver quality, but you expect more. Imagine crisp detail paired with high brightness, incredible contrast and realistic colors for a true to life picture.

Two HDMI inputs with Easylink

Avoid cable clutter with a single HDMI cable to carry both picture and audio signals from your devices to your TV. HDMI uses uncompressed signals, ensuring the highest quality from source to screen. Together with Philips Easylink, you'll need only one remote control to perform most operations on your TV, DVD, Blu-ray, set top box or home theatre system.

USB (photos, music, video)

Share the fun. Connect your USB memory-stick, digital camera, mp3 player or other multimedia device to the USB port on your TV to enjoy photos, videos and music with the easy to use onscreen content browser.

Metallic silver pinch stands

Your home represents your style. Our designers chose subtle combinations of sophisticated colors and quality materials in silver and aluminum to create a TV that blends with your interior. Our slim metallic silver pinch stands are perfectly matched to give your Philips TV the fresh, modern look it deserves.

Pixel Plus HD

Philips Pixel Plus HD engine optimizes picture quality to deliver crisp images with beautiful contrast. So whether you're streaming online or watching from a disc, you'll enjoy sharper images with brighter whites and blacker blacks.

Smart TV

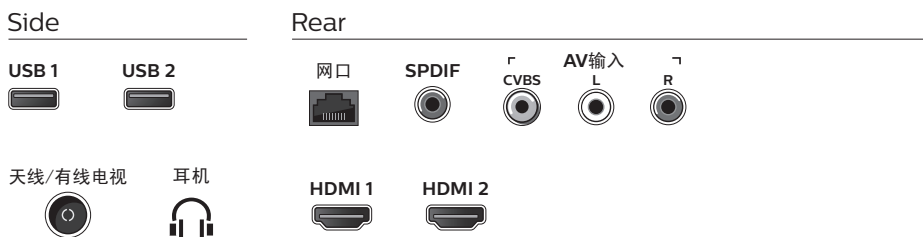

Discover a Smarter experience that lies beyond traditional TV. Rent and stream movies, videos or games from online video stores. Watch catch-up TV from your favorite channels and enjoy a growing selection of online apps such as Youtube.

SoftBlue Technology

Studies have shown the ultra-violet rays as well as blue light rays from LED display can cause eye damage and affect vision over time. Our SoftBlue LED technology uses a smart technology to reduce this harmful blue light without affecting the color or image of the display and at the same time it is easy on your eyes.
