- Full HD LED TV—brilliant LED images with incredible contrast
- Pixel Plus HD. Sharp images, no matter what the source.

Television viewing at your convenience

- Two HDMI input ports and Easylink for integrated connectivity
- USB for multimedia playback

PHILIPS

Highlights

Modern white design

We know you want a small-screen TV that looks as great as its performance. That's why our design team paired an elegant frame of sophisticated white and a gloss finish to create a fresh, modern design that complements any room.

Portable Design

Stylish, compact, lightweight and portable. Your small screen TV lets you catch up with your favourite programmes in any location, whether it is in the kitchen or camping with your family outside. This portable TV keeps you up to date with the news as well as the

latest results from your favourite sports. It is designed to be where the fun is!

Pixel Plus HD

Philips Pixel Plus HD engine optimises picture quality to deliver crisp images with beautiful contrast. So whether you are watching cable TV or from a disc, you'll enjoy sharper images with brighter whites and deeper blacks.

Full HD LED TV

Picture Quality matters. Regular HDTVs deliver quality, but you expect more. Imagine crisp detail paired with high brightness, incredible contrast and realistic colours for a true to life picture.

Two HDMI input ports with Easylink

Avoid cable clutter with a single HDMI cable to carry both picture and audio signals from your devices to your TV. HDMI uses uncompressed signals, ensuring the highest quality from source to screen. Together with Philips Easylink, you'll need only one remote control to perform most operations on your TV, DVD, Blu-ray, set top box or home theatre system.

USB (photos, music, video)

Share the fun. Connect your USB memory-stick, digital camera, mp3 player or other multimedia device to the USB port on your TV to enjoy photos, videos and music with the easy to use onscreen content browser.
